Total Responses	Completion Rate	Average Rating	Total Questions
248	94.2%	4.3/5	9

1. Executive Summary

The 'Test Customer Survey' survey gathered 248 verified submissions with a completion rate of 94.2%. Overall performance benchmarked at 4.3/5, demonstrating solid engagement. Key findings reveal clear preferences among top topics and highlighted actionable suggestions for subsequent iterations.

2. Grounded AI Insights & Findings

Calculated Data Facts:

- A total of 248 respondents completed the survey with an overall completion rate of 94.2%.
- For 'How would you rate your overall satisfaction with the workshop?', the average score is 4.37/5.0 with a median of 5.0 and standard deviation of 0.93.
- For 'How clear and effective was the instructor's delivery?', the average score is 4.21/5.0 with a median of 4.5 and standard deviation of 1.0.
- For 'Which academic department do you belong to?', the most frequent response was 'Computer Science' selected by 84 respondents (33.9%).
- The least frequent response for 'Which academic department do you belong to?' was 'Electronics & Communication' (13.3%).
- For 'What is your current year of study?', the most frequent response was '2nd Year' selected by 93 respondents (37.5%).

Strategic Interpretations:

- Strong positive sentiment observed for 'How would you rate your overall satisfaction with the workshop?' (averaging 4.37/5.0), indicating high satisfaction.
- Strong positive sentiment observed for 'How clear and effective was the instructor's delivery?' (averaging 4.21/5.0), indicating high satisfaction.
- '2nd Year' is the primary driver in 'What is your current year of study?', accounting for 37.5% of all participant submissions.
- 'AI-assisted Coding & LLMs' is the primary driver in 'Which workshop topic was most valuable to you?', accounting for 37.1% of all participant submissions.

Actionable Recommendations:

- Continue monitoring response rates and perform quarterly follow-up surveys.
- Focus resources on expanding top-performing topics and resolving minor participant bottlenecks.

3. Detailed Question-by-Question Analysis

How would you rate your overall satisfaction with the workshop? (Rating / Numeric Scale)

Responses: 248 | Mean: 4.37 | Median: 5.0 | Std Dev: 0.93 | Min: 1.0 | Max: 5.0

Score / Bucket	Count	Percentage
1	6	2.4%
2	9	3.6%
3	16	6.5%
4	73	29.4%
5	144	58.1%

How clear and effective was the instructor's delivery? (Rating / Numeric Scale)

Responses: 248 | Mean: 4.21 | Median: 4.5 | Std Dev: 1.0 | Min: 1.0 | Max: 5.0

Score / Bucket	Count	Percentage
1	7	2.8%
2	11	4.4%
3	29	11.7%
4	77	31.0%
5	124	50.0%

Which academic department do you belong to? (Multiple Choice)

Total Answers: 248 | Unique Options: 4

Option Choice	Responses	Percentage
Computer Science	84	33.9%
Information Technology	82	33.1%
AI & Data Science	49	19.8%
Electronics & Communication	33	13.3%

What is your current year of study? (Multiple Choice)

Total Answers: 248 | Unique Options: 4

Option Choice	Responses	Percentage
2nd Year	93	37.5%
3rd Year	79	31.9%
1st Year	43	17.3%
4th Year	33	13.3%

Which workshop topic was most valuable to you? (Multiple Choice)

Total Answers: 248 | Unique Options: 4

Option Choice	Responses	Percentage
AI-assisted Coding & LLMs	92	37.1%
Python & FastAPI Backends	75	30.2%
React & Modern UI Systems	42	16.9%
Cloud Deployment & DevOps	39	15.7%

Would you recommend this workshop to your peers? (Multiple Choice)

Total Answers: 248 | Unique Options: 3

Option Choice	Responses	Percentage
Yes	199	80.2%
Maybe	34	13.7%
No	15	6.0%

What aspects of the workshop did you like the most? (Multiple Choice)

Total Answers: 211 | Unique Options: 10

Option Choice	Responses	Percentage
Practical hands-on session made difficult backend concepts very clear and easy to follow.	27	12.8%
Clear step-by-step guidance on connecting frontend React with modern FastAPI endpoints.	26	12.3%
Loved the clear explanations of REST API architecture and database models.	24	11.4%
Practical examples rather than just boring slides. Outstanding workshop!	23	10.9%
The AI integration section was eye opening and directly applicable to our capstone project.	23	10.9%
Interactive Q&A was super helpful, instructor cleared all our doubts patiently.	22	10.4%
The best tech workshop we had this semester. Very inspiring!	20	9.5%
Loved building a working AI application in real time during the second half.	16	7.6%
Great energy from the instructor and very well structured presentation slides.	16	7.6%
The live coding demonstrations on AI-assisted coding and FastAPI were phenomenal.	14	6.6%

What improvements or changes would you suggest? (Multiple Choice)

Total Answers: 156 | Unique Options: 8

Option Choice	Responses	Percentage
Need more time allocated for hands-on practice rather than rapid live coding.	25	16.0%
Would prefer extending the session to a two-day bootcamp to cover advanced topics in depth.	24	15.4%
Please provide code repositories and slides earlier before the session starts.	24	15.4%
Audio had occasional echo in the auditorium back rows.	21	13.5%
The pace in the second half was a bit too fast for beginners without prior Python experience.	21	13.5%
Please include more beginner-friendly debugging tips.	15	9.6%
Some advanced AI prompting techniques needed more foundational explanation.	13	8.3%
Wi-Fi connection in the lab was unstable, which made following cloud deployment steps harder.	13	8.3%

4. Cross-Segment Comparative Analysis

How would you rate your overall satisfaction with the workshop? by Which academic department do you belong to?

AI & Data Science reported the highest average (4.55), while Information Technology averaged 4.29 (difference: 0.26).

Segment Group	Count	Mean Score	Median Score
AI & Data Science	49	4.55	5.0
Electronics & Communication	33	4.39	5.0
Computer Science	84	4.33	5.0
Information Technology	82	4.29	5.0

How clear and effective was the instructor's delivery? by Which academic department do you belong to?

AI & Data Science reported the highest average (4.43), while Computer Science averaged 4.12 (difference: 0.31).

Segment Group	Count	Mean Score	Median Score
AI & Data Science	49	4.43	5.0
Information Technology	82	4.2	4.0
Electronics & Communication	33	4.15	5.0
Computer Science	84	4.12	4.0

How would you rate your overall satisfaction with the workshop? by What is your current year of study?

3rd Year reported the highest average (4.52), while 1st Year averaged 4.02 (difference: 0.5).

Segment Group	Count	Mean Score	Median Score
3rd Year	79	4.52	5.0
2nd Year	93	4.46	5.0
4th Year	33	4.21	4.0
1st Year	43	4.02	4.0

How clear and effective was the instructor's delivery? by What is your current year of study?

3rd Year reported the highest average (4.32), while 4th Year averaged 4.06 (difference: 0.26).

Segment Group	Count	Mean Score	Median Score
3rd Year	79	4.32	5.0
2nd Year	93	4.24	5.0
1st Year	43	4.07	4.0
4th Year	33	4.06	5.0
